

\$socials Token Litepaper

Introduction

\$socials is a *meme-tility* token that blends the fun, community-driven energy of a meme token with practical utilities on the SocialTag platform. Designed to foster community alignment and improve the SocialTag experience for users, \$socials is both a reward mechanism and an integral part of our platform's ecosystem.

Launched on **December 16, 2024**, on [Rug.Ninja](#), to ensure fair token distribution while minimizing the creators' stake. The token operates on the Algorand blockchain, utilizing the Algorand Standard Asset (ASA) framework with ID: **2607097066**.

Tokenomics

- **Total Supply:** 1 Trillion (1T) tokens
 - **Platform Allocation:** The SocialTag platform wallet holds only 1.97% of the total supply at inception.
 - **Launch Mechanism:** \$socials was launched on Rug.Ninja to establish liquidity pools and facilitate equitable initial token distribution.
 - **SocialTag Address:**

Utilities

\$socials is more than just a token. It's an integral part of the SocialTag ecosystem, offering the following utilities:

1. **Early Adopter Rewards:** Early adopters will be rewarded for their early support of the SocialTag platform by means of reward campaigns - more details will follow.
2. **Exclusive Special Edition Items:** Unlock unique, special-edition items by holding a specific amount of \$socials - more details will follow.
3. **Discounted Purchases:** Receive discounts on card styles and themes available on SocialTag by utilizing \$socials - more details will follow.

We are committed to continuously exploring additional ways to integrate \$socials into the SocialTag platform, ensuring its ongoing relevance and utility for our community.

Community Focus

\$socials is designed to foster a vibrant and engaged community around SocialTag. As a *meme-tility* token, it symbolizes alignment and shared values while enhancing the platform's user experience. By participating in the \$socials ecosystem, holders contribute to the growth and success of SocialTag.

Disclaimers

- **Not Investment Advice:** \$socials is not intended as an investment vehicle. It is a community-driven token designed to enhance the SocialTag platform experience.
- **No Rights:** Holding \$socials does not confer any rights or claims to the SocialTag platform or its operations.
- **Purpose:** The primary purpose of \$socials is to build community, foster alignment, and add value to the SocialTag ecosystem.
